Dear both,

Would clearly love review Roffman's fine work but can't. Flat on back. Phlebitis. Strong recommend Prof. David Wrone, History Dept., Univ. Wisconsin, Stevens Point, Wisc.

My own Post Mortem will be appearing soon @ $10.00, $10.75 by (insured mail) & I am not able to arrange to receive printed copies or promote it. Even get out a mailing.

Can't speak too highly of either Roffman or Wrone. Both very responsible, informed non-paranoidal men.

Our circumstances preclude free review or press copies of our books now. We are only two people with an extraordinary burden falling on my wife now. We are having a special envelope printed in P.H. We will fill orders as rapidly as we can, those having mailing ~~lists~~ labels first because we can thus reduce the stack fastest.

Please tell Don he will find this by far the most definitive yet.

Sorry but thanks

Harold Weaver
